Ahmedabad Branch's new Executive Committee under Dynamic leadership of an energetic Chairman and Alumini of IIMM **Mr Pankaj Panchbhai** organized a talk on "**Make your Negotiations GST Compliant**" by **Mr. Suhrid Shah, CEO, Maven Vista** in lecture hall of **Ahmedabad Management Association** on 8th July 2017 under its knowledge Augmenting Series.

Mr. D K Goswamy Programme Coordinator Introducing Speaker & Subject

Mr. Suhrid Shah Speaker giving his Talk.

Program was sponsored by **Maven Vista Technologies Pvt Ltd.**, a leading provider of **procurement process automation system**. Audience consisted of 52 hard-core professionals who enjoyed the talk every bit. **Branch Chairman** mentioned in his inaugural talk:

"Before I start today's welcome let me share with you very interesting fact. You know when I was thinking about 8th July & taking responsibility of IIMM Chairman, I thought what I am going to say about IIMM since my journey with IIMM started 7 years back as a Student then EC member ,Hon. Secretary , and Vice chairman to Chairman. It's not only a 7 year association as of now but it's a 7 life's affair now. Vo bolte hai na Sat janam ka sath.

But then after doing deep introspection with myself, I could realize one thing that throughout my career with the companies I have worked & the kind of people I have worked, I have been recognized for only one thing & that's my work.

People know me by what I have done. So then I decided that I am not going to talk anything more, but still I have to say something. So how we will work together, how we will walk together, how we will run together & how we will act together, let's see one video. The message of this video is self-explanatory

So my end-note will be just one thing, for this tenure each & every member sitting here is Chairman of IIMM. Let's come out of the mindset of title & positions & all...& let's work together. We are very lucky that past committees have given us the platform where now we are ready to fly. With their blessings & your support & some innovative thought process & serving heart mindset, let's reach to the new heights of IIMM. That's what I stand for. Thank you...

We are honored with August presence of an eminent personality Mr. Suhrid Shah who will enlighten us GST effects on Purchasing decisions and ordering process.

Today's talk topic is Make your negotiations GST Compliant. Today's lecture is sponsored by MavenVista Technologies Pvt Ltd, a leading service provider of procurement process automation systems.

Friends, IIMM is a very unique institution which helps

professionals updating and augmenting their professional knowledge through continuous exposures like this. We are a very popular institution in city of Ahmedabad which conducts evening lecture programs every month for members and select guests who subsequently become members of institution.

Ahmedabad branch has crossed 350 membership mark and is in process of further augmenting membership. Some of you who are still not member should acquire membership immediately. I promise you that you will get value for your money. Mr. Sudhir Shah who steers Membership Desk will appraise current status. Shri Hitendra Goswami member of our education activities team will appraise of various courses available with institute for us to augment our knowledge.

He then read out **Mission Statement** of institution and exhorted members to follow it in letter and spirit.

“To promote professional excellence in Materials Management towards national Prosperity through sustainable development.”

Mr. Sudhir Shah Convener Membership Committee exhorted Non Members to acquire IIMM Life Membership and enumerated advantages of IIMM Membership.

Mr. Hitendra Goswami appraised audience of various professional courses institution is doing for benefit of Materials Management Fraternity and how these courses are helping industry in improving their profitability post induction of these trained professionals.

Mr. D K Goswamy Program Coordinator introduced Speaker and Subject:

“The team under the leadership of Mr. H K Gupta has brought IIMM Ahmedabad branch at the most sought out brand in the Ahmedabad management circle. This has been the result of 6 years untiring and dedicated efforts of all team members with the support of all members of the branch.

The composition of the new team is almost same. This team has to face a very high benchmarks and targets to achieve. Our best wishes to them.

Mr. Suhrid Shah, the speaker of the evening is not new to IIMM. He earlier made a presentation on e – procurement a few years back. On popular demand he is back with another most contemporary and relevant topic of GST.

Mr. Shah is CEO of MavenVista. He is a serial entrepreneur with over 35 years of experience across different domains in Manufacturing, Trading & IT Systems.

His Core expertise is in bringing adoptable IT system which are practical and which can be quickly deployed in an organizational environment to address challenges faced by the companies.

The structure of the supply chain is significantly influenced by different taxes based on the location of

the business.

For example, by eliminating multiple state taxes, the logistics companies can consolidate their warehouses instead of maintaining one in each state to avoid central tax. The multi-location companies may integrate or re-locate.

The cost savings by the companies as a result of the GST can be used for further investment to advance serviceability. After the implementation of GST, the design of the supply chain will be based on customer service and logistics cost. The GST will assist firms in increasing the accuracy of their forecasts.

Negotiation, the core subject of our fraternity, needs a thorough review. It should be GST compliant. The simplification of tax structure would expose the hidden expenses and provide a bonanza to the procurement professional to work on huge savings.”

Mr. Suhrid Shah shared his rich experience on Subject with live examples and thorough interactive session. Next agenda of program was felicitations of outgoing committee. Following committee members were felicitated:

- ❖ **Mr. Dilip Chowdhary, Mr. Nitin Kedia and Mr. Bijoy Kumar** Presented Shawl to **Mr. D K Goswamy**.
- ❖ **Mr. Talpesh Patel, Mr. Hitendra Goswami and Mr. Parag Shah** Presented Shawl to Mr. Sudhir Shah.
- ❖ **Mr. D K Goswamy** Presented Memento to **Mr. Rakesh Gupta**.
- ❖ **Mr. D K Goswamy** Presented Memento to **Mr. Manoj Pandey**.
- ❖ **Mr. D K Goswamy** Presented memento to **Mr. Bijoy Kuamar**.
- ❖ **Mr. Sudhir Shah** Presented memento to **Mr. Hitendra Goswami**.
- ❖ **Mr. Sudhir Shah** Presenting memento to **Mr. Pankaj Panchbhai**.

Following Members were felicitated in Absentia:

- ❖ Mr. H K Gupta
- ❖ Ms. Vidhu Sharma
- ❖ Mr. Bijoyen Das
- ❖ Mr. Gagan Bhardwaj
- ❖ Mr. Purvish Patel
- ❖ Mr. Nilay Parikh
- ❖ Mr. Ajay Jain
- ❖ Mr. Vipul Shukla

Mr. Manoj Pandey, Vice Chairman presented a memento on behalf of participants to knowledgeable speaker of the evening. **Mr. Rakesh Gupta, Hon. Secretary** in his wrapping up remarks said:

We thank Mr. Sudhir Shah for updating us on our membership strength as well as Mr. Pankaj Panchbhai for appraising us on Institution’s activities on educational front. We thank Shri D. K. Goswamy for organizing today’s program and vividly introducing Mr. Suhrid Shah our speaker of the evening. We thank M/s MavenVista Technologies Pvt. Ltd. for sponsoring today’s lecture.

Mr. Suhrid Shah has a blend of both – an illustrious corporate career capped with Software Development assignments in a variety of industries. We could feel the flavour and depth of knowledge while listening to him on the topic of the day **“Make your negotiations GST Compliant”**.

We also got to know the difference between the existing system where we are faced with multiple types of taxes, sometimes not knowing fully well whether we have legally complied with the prevailing system. We have moved to a transaction based system by doing away with multiple direct and indirect taxes.. To deal with this topic needs an extra ordinary skill; which we were lucky to have in with Mr. Suhrid Shah. We are going back with some useful take-away. Friends we have been conducting these evening lectures without interruption for almost a decade now. These lectures have brought us very near to MM Professional community.

We would like all these lectures to be sponsored so that we have not to draw from our savings for these programs. We look forward to hear from some of you on the sponsorship front. We request our guests who are still not member, to acquire Life Membership of institution which will not only help them but industries they are associated with.” Members dispersed with fond hope of meeting soon for another interesting presentation
